

AMENDMENTS TO THE SPECIFICATION

IN THE SPECIFICATION:

Please replace paragraph beginning on page 14, line 9, with the following amended paragraph:

21 In the above-described embodiment, the plurality of characteristic switches are provided in order to select the plurality of output characteristics; however, the plurality of output characteristics ~~ay~~ may be sequentially switched every time a single characteristic switch (a button) is pressed. In such case, it would be more convenient if type, number, and order to be selected by pressing the single characteristic switch are set wit the personal computer 16.
